

**Baltimore Neighborhood Indicators Alliance
– Jacob France Institute:
Neighborhood Data/GIS Resource
& Urban Research**

Baltimore City Data Day 2010

July 23, 2010

BNIA-JFI

- Part of the University of Baltimore since 2007
 - Jacob France Institute
 - (tie to JFI and UB faculty/researchers)
 - (work with other university faculty/researchers)
 - Affiliated with the Urban Institute (NNIP)
 - Shared community indicators system
 - Cross-site projects/initiatives
 - Network of experts and research

BNIA-JFI

Goal of BNIA-JFI

- Provide accurate data and objective research
- Strengthen the principle and practice of well informed decision making (Democratization of Data)
- Collect, analyze, and disseminate neighborhood level data and indicators for Baltimore City

BNIA-JFI Services

- One stop shop for data/information
- Geographic Information Systems (GIS)
- Survey-based research
- Economic development
- Workforce development
- Community development
- Benchmarking
- Indicator analysis
- Legislative/policy analysis
- Transit-oriented development

BNIA-JFI: Vital Signs

- Longitudinal database (most indicators starting in 2000)
- Outcome indicators – developed to measure progress
- Available at multiple geographic units
 - CSA data **FREE** on BNIA-JFI website
- Comprehensive indicators (multiple subject areas)
- Variety of datasets
- Ability to add/subtract, modify indicators
